WHITEHORSE CO-ORDINATE SURVEY AREA
YUKON TERRITORY

METRIC

SCALE: 1 : 1,000

THIS PLAN SUPERSEDES PARTS OF BLOCK 234 AND ROAD SHOWN
ON PLAN 55982 IN THE CANADA LANDS SURVEYS RECORDS.

SURVEYED BY T.E. KOEPKE, D.L.S. IN 1975

LEGEND

Bearings are astronomic, derived from the line between CCM's 63 G 8 and 63 W 119 and are referred to the meridian through Longitude 135° West.

Distances shown are in metres and decimals thereof.

Field measured distances are shown on this plan. Field distances have been multiplied by conversion factor 0.99948 and balanced to fit the control for the calculation of UTM Co-ordinates.

All monuments placed are marked with appropriate lot and block numbers, the year of survey and R for Road, PC for Point of Curvature, each where appropriate.
